

Cityscape Placemats

Care Instructions

- To clean, wipe with soap, water and a soft bristle sponge or microfiber cloth. Antibacterial/Antimicrobial cleanser can be applied as needed. Rinse with pure water and air dry.
- Scrub stubborn stains with a soft bristle-brush and a bleach-based cleanser. This will remove the stain without altering the material. Rinse with clean water and air dry.
- Machine washing, or dishwasher use is not recommended.
- Permanent stains may result when certain foods or liquids (such as ketchup and other tomato-based sauces, tabasco, turmeric) are left unattended on the placemat for long periods before cleaning. This is more likely to occur with light-colored placemats. Make sure to remove such spills quickly to avoid permanent staining.
