

Laundering Applique Printed Fabrics

Appliqued fabrics can be cleaned and washed easily. Cleaning your printed fabrics depends on follow the instructions below. Results may vary depending on the containment, or how dirty the graphic has become and what type of fabric you are cleaning.

Machine Washing

Fabrics can be machine washed in cold water on a gentle cycle.

Do not machine dry. Lay flat or hang to dry.

Spot Cleaning

Fabrics can be spot treated, use mild soap and cold water. Test soap on a small area before cleaning.

Do not Iron

Use a hand or commercial steamer to eliminate wrinkles or creases.

Some washing machines including commercial / industrial can be extremely damaging to your screen printed fabrics. The gentlest washing cycle is strongly recommended.
